Es una excelente continuaciÃ n de la serie de Harry Potter, la trama es tan buena como las anteriores y la sorpresa al final del libro nos hace pedir a gritos la continuaciÃ n de la serie. Ampliamente recomendado para todos los fanÃ ticos de Harry Potter y para los no fanÃ ticos tambiÃ n, pues les abrirÃ j las puertas de este personaje tan fascinante

You can probably tell already (since this review is in English) that Spanish is not my native

language. I lived in Mexico for a couple of years 40 years ago and wanted to brush up on my Spanish. I thought that if I picked a book that was targeted at pre-teens (and one that would be enjoyable to read as well) that I would get a good exposure to grammar and expand my vocabulary. I haven't been disappointed there. I would say that I currently speak at the level of an eight year old native speaker. I started out looking up about 5 words per page, and now, after reading about 100 pages I'm down to looking up about 3 words per page. My only complaint is that about a quarter of the words that I have to look up in the Pocket Oxford Spanish Dictionary are not there. I was hoping that since the Harry Potter series was targeted at pre-teens and early teens that the translation would not have lots of "more grown up" words. I guess I should have been tipped off by the title, though - caliz means chalice (a word that most pre-teens aren't familiar with) where a more commonly used word, copa (which translates as goblet) would have been more universally understood. So overall, the book is doing what I wanted it to - it is exposing me to good grammar, and increasing my vocabulary (but perhaps not vocabulary that I'll ever find very useful.)

¿Quién dijo que cuando uno crece tiene que perder la magia? Una obra saga increíble de historias para chicos y para adultos que conservan la magia en el corazón.

Este libro es largo, pero nunca se siente aburrido. Está sumamente bien pensado y relatado. Todos los detalles de la trama llegan a una feliz resolución al final del libro. A mí no me gustaron las películas, pero considerar a leer otro libro de la serie, si es así de interesante. La traducción es buena.

Siempre, a medida que avanza una saga, el tema se vuelve repetitivo, cansón y aburrido. Sin embargo, este episodio es el mejor. Está lleno de muchos sentimientos, lo que hace que sea más interesante que los anteriores. El que espero para tenerlo en español, que no espere más, en solo 4 días se devora un libro del mismo tamaño que el Quijote de la Mancha!

I bought this as a Gift and it was my mistake to not look for the publisher on the info section, The book is ok, but I'm kinda disappointed because this publisher made a copy from a Salamandra book, everything in the inside is fine, just the size and the quality on the hardback is a little bit weird/different. I noticed it when we put this one next to the other HP Salamandra books we have. It does its job but in a different presentation.

I read the story more for its effect in helping me learn Spanish than for the story itself. Of course, it's a good story, but I have nothing to add in that regard. I thought the translation was excellent. There is a lift and verve to the wording.

Me encanto leer este libro, especialmente porque no leo frecuentemente en espa ol y necesitaba un libro divertido y f cil de leer. La  nica queja que tengo de este libro es que las p ginas empezaron a despegarse y caerse del libro. Fue muy frustrante leerlo porque tem a que las p ginas siguieran despeg ndose. Ser a mejor comprarlo en libro de bolsillo porque tiene 640 p ginas y va a ser dif cil leerlo sin dificultad. He tenido que leerlo parcialmente cerrado para prevenir que se da e mas.  Sin este problema, el libro recibir a cinco estrellas!
