DODI 5000.02 The Operation of the Defense Acquisition System

January 2015

Synopsis

This publication, Department of Defense Instruction DoDI 5000.02 The Operation of the Defense Acquisition System January 2015, provides the policies and principles that govern the defense acquisition system and forms the foundation for all DoD programs that include weapon systems, services, and Automated Information Systems (AIS). It establishes a Management Framework for translating user needs and technology opportunities into stable, affordable and well-managed acquisition programs. The instruction also identifies the specific statutory and regulatory reports and other information requirements for each Milestone and Decision Point.The Defense Acquisition System exists to manage the nation's investments in technologies, programs, and product support necessary to achieve the National Security Strategy and support the United States Armed Forces. Our investment strategy is designed to support not only today's force, but also the next force, and future forces.This is the complete Department of Defense Instruction DoDI 5000.02 Operation of the Defense Acquisition System issued January 7th, 2015.
