Dvořák And His World (The Bard Music Festival)

Synopsis

Antonin Dvorák made his famous trip to the United States one hundred years ago, but despite an enormous amount of attention from scholars and critics since that time, he remains an elusive figure. Comprising both interpretive essays and a selection of fascinating documents that bear on Dvorák's career and music, this volume addresses fundamental questions about the composer while presenting an argument for a radical reappraisal. The essays, which make up the first part of the book, begin with Leon Botstein's inquiry into the reception of Dvorák's work in German-speaking Europe, in England, and in America. Commenting on the relationship between Dvorák and Brahms, David Beveridge offers the first detailed portrait of perhaps the most interesting artistic friendship of the era. Joseph Horowitz explores the context in which the "New World" Symphony was premiered a century ago, offering an absorbing account of New York musical life at that time. In discussing Dvorák as a composer of operas, Jan Smaczny provides an unexpected slant on the widely held view of him as a "nationalist" composer. Michael Beckerman further investigates this view of Dvorák by raising the question of the role nationalism played in music of the nineteenth century. The second part of this volume presents Dvorák's correspondence and reminiscences as well as unpublished reviews and criticism from the Czech press. It includes a series of documents from the composer's American years, a translation of the review of Rusalka's premiere with the photographs that accompanied the article, and Janáček's analyses of the symphonic poems. Many of these documents are published in English for the first time.

Customer Reviews

It's always interesting to replace a great man in his times; The world, and Europe in particular, were pretty complicated during Dvorak's lifetime. And his love for his country was often misinterpreted. This book puts all things right !

Beckerman has brought to light some very helpful facts and interpretations about Dvorak and his music. I found most intriguing the section dealing with the Czech ethos and weltanschauung in Dvorak's work as well as in other Czech composers.
