Customer Reviews

Arquitectura del Vacio is an extensive selection of the architectural works designed by Melvin Villarroel. The 239-page book presents twenty-seven of Mr. Villarroel's finest works understood through a wide array of pictures, photographs, drawings, renderings and sketches, and easily communicated in Spanish and English. This book encapsulates twenty-five years of experience -- no other architectural "best works" comes close to its breadth, depth and lasting impact. Every page exhibits the natural elements that exist in perfect harmony with his designs. The descriptions of the golf resorts, luxury hotel resorts and harbor resorts are clear, thoughtful and marked by a strong philosophy that is unshakable and visionary. The book is every bit as ambitious as it is a great value. Mr. Villarroel's book is truly inspired, and I recommend it to any reader looking to understand sustainable architecture in all of its glory.
