# You'll Love This Book As Much As You Hate Your Job (someecards): 45 Cards For Decorating Your Cubicle, Insulting Coworkers, And Justifying Your Excessive Drinking.

## Synopsis

From the twisted minds at someecards come 45 wildly funny cards that could well save your sanity. Instead of tearing out your hair from 9 to 5, just tear out one of these irreverent postcards. No matter what you hate about your job and your coworkers-Friday afternoon meetings, obnoxious ringtones, the awkwardness brought on by a sexual harassment suit--there's a card that expresses your feelings professionally. Stop suffering in silence! With the right card in hand, you'll be one step closer to that promotion you don't deserve . . . or the pink slip that's long overdue.Â Â Â Â Â Â

Someecards are the best! I get their weekly email (sometimes laughing out loud to myself) and I have the someecards desk calendar. It just doesn't get any better than someecards. This book is a prime example. I wish I had more people I could share the postcards with. You will enjoy this book and keep a smiling hours after you look through it. If you have a great sense of humor -- get this or any other Someecards product.

If you hate your job or career as much as I hate mine, you will cherish the black humor here. The cards tear out easily, so you can easily decorate your cubicle of death, although the gals in HR with the cat calendars probably won't get the jokes.

I keep this at work for inspiration. My colleagues love it too!!! I bought more of these for my

collection.

This set is filled with all of the things you can't say in the office. I have sent about one a week because it relates to a situation I am dealing with. People get a kick out of getting them.

Got these as a gift for my girlfriend and they were a big hit. She keeps them in her office at work and shows them off often. No lame ones, a good booklet of really funny ones.

This book is a collection of postcards with perforated edges, that you have the option of pulling out. This is a fun gift for any friend/family member that works in an office.

There is nothing better than getting mail- unless it's getting a someecard postcard! Funny, mildly inappropriate & just enough to make mail carriers everywhere giggle.

This was a secret Santa gift for one of my co-workers. She loves the e-cards, and she got a real kick out of this and the Someecards Box Calendar I got for her.
