El Imperio Eres T  . Premio Planeta 2011 (Autores Espanoles E Iberoamericanos) (Spanish Edition)

Synopsis

Convertido en emperador de Brasil a los veintitrés años, Pedro I marcó con su huella la historia de dos continentes. Desmedido y contradictorio, las mujeres fueron su salvación y su perdición: mientras su esposa, la virtuosa Leopoldina de Austria, lo llevó a la cumbre, su amante, la ardiente Domitila de Castro, lo arrastró a la decadencia. Cuando el inmenso Brasil se le hizo pequeño y el poder dejó de interesarle, puso su vida en juego por aquello que creía justo. Y alcanzó la gloria. Con la belleza exuberante del trópico como telón de fondo, Javier Moro narra con pasión por el detalle la prodigiosa epopeya del nacimiento del mayor país de Sudamérica.

Book Information

Series: Autores Espanoles E Iberoamericanos

Paperback: 560 pages

Publisher: Planeta; 2 edition (June 18, 2009)

Customer Reviews

El Imperio eres tío by Javier Moro - Spanish Edition This is the story of Brazil's birth. The book opens with the landing by Pedro Álvares Cabral on Brazil on April 22, 1500. Then it jumps on the second chapter to 1816, where we meet a 16 y/o Pedro de Braganza y Borbón. Born in Lisbon, Pedro I was the fourth child of King Dom Juan VI of Portugal and Queen Carlota Joaquina, and thus a member of the House of Braganza. When their country was invaded by Napoleon's French troops in 1807, Juan VI and his family fled to Portugal's largest and wealthiest colony, Brazil. As it turned out, this was a very wise move, since Juan VI was able to safeguard all of his money and possessions. According to Napoleon, Juan VI was the only king who he was unable to conquer. Pedro's character was marked by an energetic drive that bordered on hyperactivity. He was impetuous with a

tendency to be domineering and short-tempered. Easily bored or distracted, in his personal life he entertained himself with dalliances with women in addition to his hunting and equestrian activities. His earliest known lasting affair was with a French dancer called Noëmi Thierry, who had a stillborn child by him. Pedro's father, who had ascended the throne as Juan VI, sent Thierry away to avoid jeopardizing the prince's betrothal to Archduchess Leopoldina, daughter of Emperor Fernando of Austria. The book is very tedious and relates with importune details the life of the Emperor; his affairs with Domitila Castro at the expense of don Pedro's marriage with Leopoldina; the court battles between Carlota Joaquina and Juan VI, and the battle for Brazil's independence. The book ends with the death of Pedro I from Tuberculosis on September 24, 1834.
